

Product description: An innovative liquid glass cleaner with a unique scent. It cleans and dries quickly without leaving any blurriness, speckles or marks. Thanks to zeolite it creates a protective coating on the surface and delays the accretion of dust and dirt

Areas of application: Glass surfaces

Application: Spray 2-3 times on the glass surface and wipe with a clean cloth, starting from the heavier stains and then moving towards the edges

Exceptions: None

pH: 3.5 ± 0.5

Ingredients: Contains natural vinegar and aroma
