

Description: Alkaline, odorless liquid detergent for textiles and fabrics. It eliminates dirt, dust, greasy marks and stains (as a pre-wash supplement for chromophore stains such as wine, coffee and fruit juices), neutralizing unpleasant odors and effectively cleaning any colored fabric. Its composition makes cleaning with ZeoTex safe for health and the environment. It is suitable for use with a deep vacuum cleaner

Application areas: Carpets, sofas, car interiors, colored upholstery, furniture covers, upholstery fabrics, shoes and clothing

Applications: For spot cleaning spray the product directly onto the stains and brush with a soft brush after 10 seconds. Repeat if the stain has penetrated deep into the fibers of the fabric. For deep vacuum cleaner use fill the water tank with 50% dilution for difficult cases and 25% for lighter tasks. In both cases wait for 20 seconds and then use the vacuum. For prewash use spray the product directly onto the stain and immediately wash in the washing machine

Exceptions: Do NOT use on varnished floors and furniture

pH: 11 ± 0.5

Ingredients: Contains <5% anionic and non-ionic surfactants, GLDA, preservative methylchloroisothiazolinone, methylisothiazolinone and zeolite
